

## How to Determine your Account Balance

Use [this form](#) to log into your library account (you will need your 14 digit library card number and PIN).

Click on **Review my Account**.

The example below shows one (overdue) checkout and five bills. The checkout has an **Estimated Fine**. As such, it is not yet a **Bill** and cannot be paid. Please do not pay more than you owe (sum of **Bills**). An Estimated Fine becomes a Bill when the item is renewed or returned. The patron below can pay up to \$6.30 at this moment. She can't pay the \$1.20 estimated fine until she renews the item online or returns the item.

Renewing an overdue item will convert an **Estimated Fine** into a payable **Bill**, and will prevent additional fines from accruing on the item. You can attempt to renew an item online (see "Renew My Materials" in above menu). If there are holds on the item or you have too many previous renewals on the item, then the renewal attempt will be denied.

Accounts are blocked when the total of all Bills and Estimated Fines is \$10 or more. Reducing the total to less than \$10 will unblock an account.
